January
2021
Monthly
Report

Manager's Lowdown

Hi All -

January brought us our first "snow day" in a while. The courier was canceled and/or delayed for a few days but we are running normally now. Thank you all for your patience, and I hope you got to go out and enjoy the snow for a bit. It was beautiful.

Some of the items we are working on this month are:

- We are investigating the ability for CircIT to email receipts to patrons.
- The OPAC Committee continues to meet with a targeted release of the solicitation by March 3rd. If you have any wishes for features in the new OPAC, be sure to email them to me.
- A new version of EZProxy just came out so Chanel is doing the upgrade before we release it to the network. It is better to upgrade the software while it still on the test server than to do it after we do the changeover on the network.
- I rearranged Chanel's priorities a bit, which has delayed her work on the YLN Webpage. She and Kelly are continuing to work on it however.
- I am finalizing the Annual Report for FY 19-20 and it should be out in the next few weeks.
- The electronic subscription to the NYTimes will be implemented in February. The Agreement is due to be signed tomorrow.
- The e-magazines (otherwise known as Zinio, or RBDigital) will become available on Libby through Overdrive shortly. We will be sending information out to the network on the changeover. The RBDigital platform will continue to be accessible until March 31st.

Until next month,

Valerie Burns

Member News

Our community continues to support the library during these unprecedented times. Clark's Market in the Village of Oak Creek designated Sedona Public Library as a recipient of their Non-Profit Monday program. During Non-Profit Monday, Dave Miller, store manager, and the crew at Clark's encouraged shoppers to support the library by submitting their receipts after shopping. From this fundraiser, Sedona Public Library received a generous gift of \$1,572 to support library services.

Prioritization

Priority One: Resolve Current Help Desk Requests

A help desk request, or work order, is the submission of a problem that one encounters during the normal operation of a YLN service. Requests are generally submitted via e-mail to help@yln.info. If a request is submitted via telephone, then a YLN staff person will create the request for the submitter. Help desk requests will always be our highest priority because in some cases a member library employee cannot complete a work function until the issue is resolved.

Total requests submitted: 94

Total requests resolved: 81

Total unresolved requests opened this month: 13

Total requests still open: 34

Priority Two: Upgrade EZProxy

EZProxy is used for database authentication. We are running a really old version. In addition, RPA is being end of life so we need to move those databases over to EZProxy.

Goal: Authenticate all databases via EZProxy 7.0.16

Project Lead: Chanel Wheeler

- Install EZProxy on RHEL
- Upgrade to 7.1
- Solve problems with libraries having incorrect access
- Test
- Coordinate rollout date with ITS
- Roll out in production
- Install SSL certificate
- Troubleshoot any access problems
- Dismantle RPA

Priority Three: Get Up to Speed with VMWare

The YLN has taken over ownership of the VMWare servers from ITS which host Symphony and Enterprise. We need to learn how to admin VMWare and be prepared for emergencies.

Goal: Become versed in how VMWare works

Project Lead: Chanel Wheeler

- Watch LinkedIn Learning classes on VMWare
- Recover one file from ilstest
- Test full failover with ilstest
- Update vCenter
- Update ESXI hosts

Priority Four: Subscribe to the NY Times

Currently we have a few libraries subscribing to the NY Times. It is more cost effective to provide the paper for everyone in the Network.

Goal: Provide the NY Times to the consortium

Project Lead: Valerie Burns

- Have legal approve
- Have Board of Supervisors approve
- Sign agreement
- Do technical implementation
- Test implementation
- Go live

Note concerning prioritization: The priority of projects may shift as individual portions are completed.

Prioritization

Priority Five: Bring on Park View/Canyon View

Park View/Canyon View is a charter school (6 - 12) in Prescott Valley that wants to join the Network.

Goal: Integrate PVCV into the Network

Project Lead: Valerie Burns

- Determine library organization and system requirements
- Catalog materials
- Install WF at library
- Conduct training
- Go live

Priority Six: Bring on Skull Valley Elementary

Skull Valley Elementary is a public school (K - 8) that wants to join the Network.

Goal: Integrate SVES into the Network

Project Lead: Valerie Burns

- Determine library organization and system requirements
- Catalog materials
- Install WF at library
- Conduct training
- Go live

Priority Seven: Bring on Verde Valley Archaeology Center

The Verde Valley Archaeology Center is a special library that wants to join the Network.

Goal: Integrate VVAC into the Network

Project Lead: Valerie Burns

- Determine library organization and system requirements
- Catalog materials
- Install WF at library
- Conduct training
- Go live

Priority Eight: Create New YLN Website

The YLN website is about eight years old and in need of a refresh. In addition, library staff have difficulties finding some material on the current site. Also, Drupal 7 & 8 are approaching end of life so it's time to move to Drupal 9.

Goal: Overhaul YLN website visually and architecturally

Project Lead: Valerie Burns

- Copy out archival material
- Set up test site
- Do card sorting exercise
- Upgrade to Drupal 9
- Design new YLN logo
- Create design for website
- Implement website design
- Distribute website in progress to pubserv for feedback
- Complete implementation
- Roll out to production

Priority Nine: Move to Message Bee

The Network has been having ongoing problems with patrons not receiving email notices because their email provider quietly rejects them. SirsiDynix has not been willing to tackle this problem. As a solution, the Network is moving to Unique MessageBee. Not only will notices be delivered reliably to patrons, they also can track whether the patron opened the email and if they clicked on links inside.

Goal: Move to a reliable email notice system

Project Lead: Chanel Wheeler

- Get quote from Unique
- Pick pilot library
- Sign agreement with Unique
- Set up pilot library with overdue, hold, and bill notices
- Roll out overdue, hold, and bill notices to all YLN libraries
- Set up pilot library with autorenewal notice
- Roll out autorenewal notice to all YLN libraries
- Roll out notices for K-12s

Prioritization

Priority Ten: Move Servers from Ubuntu to RHEL

Our Ubuntu servers are not playing well with the Hyper-V host. Red Hat is better supported on Hyper-V. The District and ITS already bought two RHEL licenses. The Network will be buying the rest.

Goal: Move servers to RHEL so they will be more stable.

Project Lead: Chanel Wheeler

- Purchase RHEL licenses
- Move portal server to RHEL
- Move ylnstest server to RHEL
- Move district server to RHEL
- Move districttest server to RHEL
- Move help desk server to RHEL
- Move helptest server to RHEL
- Move optio server to RHEL
- Move authentication server to RHEL

Priority Eleven: Improve Database Quality

Enhance the operation of the catalog for patrons and staff by improving material description, subject and genre access, and data integrity. These tasks are for materials already in Symphony.

Goal: Improve patron and staff search experience

Project Lead: Karen Straube

- Correct structurally invalid bibliographic records in Symphony
- Complete cataloging and descriptions of Adult Books
- Add Subject Headings and Genre Headings to bibliographic records that lack them
- Complete cataloging and description of Youth Books
- Complete cataloging and descriptions of Adult non-book materials
- Complete cataloging and description of Youth non-book materials
- Clean-up genre headings to conform to current standards

Completed Projects CY21

Cancelled/Postponed Projects CY21

- Implement Blue Cloud Cataloging
